“ Gammie!! That word means love. You were and always will be my Gammie! You put love on display for all of your family and we are strong because of you. My goals for my family are my inheritance from you. You were an amazing mother, daughter, sister and most of all Grandmother. I miss you dearly. I miss your smile, your laughter And your love. You were the most amazing artist and my home is litter with your paintings, but your greatest works of art weren't painted by brush or drawn by pencils. They were crafted with love, they are us! Rest assured that your legacy will live and flourish in your memory. When you left, you took a piece of all of us with you. I will not say goodbye, I will simply say see you later. Hug all the ones who left their prints on our lives, until I see you again, I LOVE YOU WITH ALL OF MY HEART!!!

“ Gammie  
The day I thought would never come is here. You were supposed to live forever because I couldn't imagine life without you. I know that was selfish of me but you have always been a huge part of my life and have taught me what family is all about. You are the core foundation of this family and will truly be missed. Today we will celebrate you and everything that you were to all of us from Mom, Sister, Aunt but mostly my Gammie. My memories will keep you with me always from movie night at your house with the slide shows from you and grandpa's travels, croquet in the back yard with the family, to even catching me and Steve wearing your bras as Mickey Mouse ears. The one last memory I will carry with me is how you choose to give me my ring last year at my birthday so that you could see me enjoy it while you were still here. Every time I look down at it I will think of you and feel the love we shared. I love you more than you will ever know and will miss you always but I know you now have gained your beautiful wings, are pain free and will forever be my guardian angel. Give my love to grandpa and rest easy knowing we will keep the family traditions going strong in your memory. Fly high until we meet again!!!

Love always and forever,  
Missy

“ Gammie,

Where to even begin... You were nothing short of AMAZING, you held our family together you were our rock. To say we were blessed to have you as our Gammie was an understatement. From childhood memories of afternoons and summers spending it with you and grandpa watching The Price is Right, and doing puzzles to watching soap operas with you those were the days. How I wish grandpa could have known our Hayden and Peyton they would have had him wrapped around his finger too, but I'm sure you have told him all about them.

Most people can't even say they had the opportunity to know their great grandmother much less say they had 5 generations, and I got 32 wonderful years with you. My children can say they knew their great great grandmother and man did they love you. You loved all your babies unconditionally and we loved you too. As we mourn the loss of you, I will cherish the times we shared especially over the last few months and the last visit we had Sunday morning and the laughs we shared. We miss you terribly but we know you are rejoicing in the streets of heaven pain free with grandpa and Aunt Betty and everyone else that were waiting for you at the gates of Heaven. Continue to watch over us all as you always did. We love you always Gammie until we meet again.

“ Gammie

I have so many great memories with you and with our family, it is what I base my family goals and values on. I'm so extremely sad and heartbroken that you have left us but I will always remember the great and wonderful times and memories I share with you and the family. I think you, Grandpa, Uncle Bill, Aunt Betty, Aunt Louise, Mac and others are dancing the "gig" and having a glass of Old Crow and looking down on us with great joy and excitement awaiting our arrival to heaven so we can all be together. I know I am your favorite grandchild even though you would never admit it and others might deny it..... I am the one.... and I was also grandpa's favorite (many also might deny it)... I just want everyone to know how wonderful you were and how blessed I was to grow up in this family. Make no mistake it would not have been as good as it was if it were not for you. Matriarch is the word that many would say describes you, and that would be true. This family has held on to each other because you could not and would not let us go astray. I don't know who will fill your role in this mighty task but, I pray someone will keep us together like you have for so many years. I want to thank you, MY Gammie for all of the blessings you gave me in my life. There is no way I can count them all but the big ones for me are bringing Grandpa into my life, he was a great man that influenced my life as much as my own father did. He molded me in many ways and I think about him often to the point of tears sometimes. Please hug him for me and tell him about my kids and how wonderful they are and tell him how much you loved them. The other is keeping the family spirit alive within us all. Recently there has been strife but we as a family need to figure out how to move past it, we will in your memory.

To my mother and father.... Mom I cannot say how much your love for Gammie has inspired me. I know you cared for MY Gammie because you loved her and she was your mother and I know you will never say how hard it was to care for her but I know how hard it was for you. I know Gammie appreciated everything you did but I wanted to tell you that I appreciated it as much as she did. Gammie knew how hard it was to take care of another person and I'm sure she knew of the sacrifices you made for her and I'm sure she never stopped telling you how grateful she was. I can tell you from my own heart that I was grateful for what you did for her and I will never forget. I will miss Gammie, but I will rest easy knowing that I will always see her when I look at you. Daddy thank you for supporting Mom like you did with caring for Gammie, she needed your help and you were always there. The Bible says.... Blessed are the peacemakers for they shall be called the sons of God..... Many believe this passage talks about cops and military personal, but I think it talks about those like my mother and father who help or deliver people into peace at the end of their lives like my Mom and Dad did for Gammie.

Peter 4:8 Above all, love each other deeply, because love covers over a multitude of sins.....

“ Beautiful

“ That was beautiful SCOTT and so true. We will all miss her dearly and need to strive to stay close as a family like she always did. Your Mother and Father were amazing and so loving in there care for her . I thank them for that from the bottom of my heart. She was not only my sister, but like a second mom to me. I will miss her so much but like you said, she is with all of our loved ones that went before her. I love you honey

“ Gammie we love you so much!! When your grandson and I were getting married I will always remember you saying “well I didn’t think we’d be dressing like this when I saw you flying around on the back of that 4 wheeler”. From your Cesar salad to your beautiful drawn Christmas cards and yearly family letter you always brought us all together in a special way. I am so thankful to have met you and have been loved by you and we will see you again one day. Love the Conner family
