“ *Ms. Addie was a special one. I'll always remember the visit I had with her in "her" Plant City home (the one Weyman built for her which she didn't want to mess up by living in it!). She told me wonderful stories of her life as a child in Mississippi. I truly believe Ms. Addie is now running free with her friends and loved ones who have gone before. Weyman, Tom and family, You guys did an awesome job caring for your Mom. She was and is a special one, and God now has another pure and sweet Angel.*

*Fondly,
