“ What I remembered the most about my Uncle Junior is when he went to New York to get married. At that time, I was living in The Bronx with my mother and my two brothers. He stayed with us for a few days, and he was very busy with the wedding preparations. We met his wife to be, and she was always smiling and had a sweet personality. She was very kind and gentle. I'll never forget when my Uncle Junior gave me a desk and a typewriter. I appreciated those gifts so much because I just started college and they were very useful. I used them for a long time. He also helped my brothers get a job. Today, my brother is a supervisor for a cleaning company because of our Uncle Junior. Tio Junior's presence in our lives had a positive impact. He was helpful and appreciative. He also had a good sense of humor. He used to make us laugh. He was very good with my mother. I also remembered that he went to my mother's funeral who was his older sister. I was so grateful that he went, and I hope he knew that. Rest in Peace, Junior.
