“ Mr Miller was a very special man he sold me and my wife our first home. Mr.Miller was like a grandpa to me I met him when I was a kid because he worked on lawn mowers all the neighborhood kids would get him to work on our gokarts and bikes all the kids would hangout in his citrus grove and would always welcome us with a Pepsi or cold drink and tell us stories about him back in the days of him being a k9 trainer, tow truck driver, and a delivery driver for a plant nursery. Mr. Miller you and Mrs. Miller will be greatly missed till we meet again!
