“ We were saddened to hear of the passing of Mrs. Broff. Our daughter had her as a teacher in 2020. A hard year for everyone but she went out of her way to make sure the kids knew she was in it for them. Lovely cards and notes would come to the house with encouraging words. When they got back into the classroom, she was so fun and really engaged the kids to do their very best. Our daughter loved her and still has such fond memories of her. Mrs. Broff for sure made an impact that will continue to have a ripple effect for generations to come. Sending her family our deepest condolences and praying for all of them as they work through the process of losing such an amazing human!
