“ Tammy,

I am so sad about this.

David is 35 now and of course Annette kept him for me to work from when he was 13 months old til he was 3 when my work situation changed. She was great with him and he enjoyed her and loved her. She also took care of her neighbors. She was known for taking care of others. I took Annette along with me to get groceries and such and yes, we did a lot of joking. I also helped her when she had her appendix removed.

We stayed in off and on contact and took adult David by to see her. Then we started running into her more often. You and the grandkids were her life.

I know words won't lessen your loss but from a favorite song of mine, I offer these :

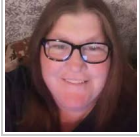

*"One thing you need and nothing more,
to hear the Whisper of your Lord.
Be still and know that I am God.
Rest in the arms of My embrace."*

“ *I remember over 30 yrs ago, When visiting Tammy & Robert she would be there and would always be nice and joke around, but she could lite a fire under your ass if you was doing something wrong. She was as real as you could ask for in a person, a all around great lady. She will be missed by many.*
