My beautiful aunt Bernice. I will never forget or talks or texts & our visits. She was always there for me no matter when ir where. We never ended a phone call, or text without having a battle of love! I would say; I love you more then she would say no I love you more. This went on until I gave up & said well your right I no you love me more but I love you bunches. The world will never be the same without her. My heart goes out to my cousins & there families because she was a wonderful person inside & out. I love you Auntie to the moon & back. RIP until I see you again.
