“ I remember how Loving and nurturing grandma was to me when Jennifer and I were younger. Then we had children and she did the same for my daughter who grew up with Alyssa. She would cook the best tasting food. I did not need to visit Trinidad and Tobago all I needed to do is pull out a beach chair and visit with an empty stomach. Both here and Florida! then she would give us words of wisdom.because she was very wise. Your reign will now be from Heaven because you were an Angel!
