“ Francis,
We are so glad that we got to spend the winter months with you and Carol in Eufaula. We enjoyed the daily talks, tromping through the woods, and going off to eat with ya'll.
Our prayers are with you and your family as you go through this difficult time. We love you both. Heaven has a very special and happy angel.

This is always how I will choose to remember Gamy, doing what she loved. I will always remember that laugh and will always long to hear it just one more time. You have a brand new body now and are with your mother and father in heaven...I know you three must be so busy catching up. Thank you for being the grandmother that you were to me. Everyone down here will always miss you, I cant wait to see you again one day. We love you Gamy!

“ Carol was a friend that I met in high School, a sweet fun loving girl with a funny personality. We both loved sports and had fun in our P.E. Class. Even though we didn't see each other all the time when , when we would run in to each other it was like old times with lots of laughs. I will miss running into her here, but will see her in Heaven! My prayers to her family!

“ So many fond memories I have no idea were to start. Our trips to Knoxville were so exciting and fun. Our trips to Winter Haven...you climbing the pole and of course, I snapped your picture. Daytona...there was a lot of fun memories. Your working along side of Leo & Francis on the cars (as if you were going to apply for a car mechanic job). Your help and therapy in getting Leo up and going, and then just visiting, going no where, just talking. AND I CAN NOT LEAVE OUT YOUR SWEET ICED TEA..it was the best, you would even fix me a gallon & put in the cooler. You were always there, a kind word, a laugh. You will be missed by so many that you have made an impact on their lives. We love you. Leo and Ginger Houck

“ *There are few greater gifts in life than a loving mother, and I've always been fortunate enough to have two. I couldn't ever begin to thank you for everything you and Uncle Francis gave, shared, and taught me. Y'all taught me mechanical skills while building street rods; I turned it into a successful career in the Coast Guard. We went hunting a lot; I still do almost every day of the fall. Most of all though, you taught me what family means, and I'm so proud my own children were able to look up to you as I always have. We'll miss you more than you'll ever know, but thank the Lord for every day we had with you.*

Love you,

Little Phillip, Krystal, P3 and V.K.

(p.s. Since you got a head start on the rest of us, go ahead and get to work finding us all some good spots for deer stands!)

“ It is with a sad heart that I heard of Carol's passing. When I was a young man, I remember how sweet she was to me and how she always welcomed me with a smile. In later years, when I would see her, she always had a kind word to say about everyone. U will be missed, but we will see you again someday on the other side.
