

## Mrs. Carolyn B. Wood

July 10, 1950 - January 27, 2021

Carolyn B. Wood was born in Arlington, Virginia on July 10th 1950 To Ruby and Charles Nalley. She entered into eternal rest on January 27th 2021.

She was preceded in death by husband, Tony Wood. She is survived by children, Michelle Murray (Tom), Elizabeth McDaniel and Vincent Wood (Tara) Grandchildren, Stephen (Kelsey), Cameren, and Kinsley; Siblings, Brad Nalley (Sue), Susan Nelson (Dannie), and Paul Nalley (Kareen); Pets Max, Ellie and Poncho.

While growing up, she always loved ballet and wanted to be a dancer, but was unable to due to knee problems that started at an early age. The Nutcracker and Cats were two of her favorite ballets to watch.

She was married for 43 years to her one and only true love, Tony Wood. Soon after marriage, they started a family and settled in Lithia, Florida.

Being together for any occasion was something the family did often. Family was very important to her. Alderman's Ford Park was always a special place

for the family as it was a favorite when her husband was alive.

There were three things that made her beyond happy: seeing her eldest grandson (Stephen) get married, watching her other grandson (Cameren) graduate high school, and watching her only granddaughter (Kinsley) be born.

She was a loving mother and grandmother. Her grandchildren gave her the greatest joy of life. She was a proud mother and grandmother and always bragged while showing pictures and telling stories about them all. She was one of the kindest sweetest people you'd ever meet. She never asked for anything and was always willing to help others.

A Celebration of Life is planned to remember and pay tribute to Carolyn. It will be held outdoors at 11509 Lithia Pinecrest Rd, Lithia, Florida 33547. On Saturday February the 6th at 2 pm for whoever would like to attend.

The family asks that donations be made in memory of Carolyn to your local SPCA.

“ Oh my dear sister you just don't know how much you mean to me. I don't know how to start or how to end this because you meant so much to me. You and Tony taking me to see Rod Stewart oh how much you and I both sang and danced to every song and then going to see Joe Crocker i think that Tony by the end of the night wanted to tape our mouths shut we were so off key..lol. I think we did pretty good at trying to make rum balls that time even if we did drink most of the rum. You be proud to know that I learned to some what cut up a whole chicken. You did still say I need a little more work but I was getting the hang of it. I still laugh when I think about how you got on to me and Tony, saying that what did we do after you had Liz, went out dancing all night and showed up at the hospital with hangovers. But you forgave us. You taught me so much, I still need you, I know that you are with Tony ,mom, dad and your pain free walking dancing.I know its wrong but you left me and even though we didn't see or talk losing you has broken my heart even more. I love you so much and I can hear you now telling me that its ok. They say that God doesn't do things that hurt but he needed another angel and he called you to come. He knew that you had been lost without Tony and I know that when you seen him that you just lite up his arms around you and to hug mom and dad. Because of that as much as it hurts me im happy because you are smiling and keeping that picture of you smiling in my heart helps ease the pain of losing you. So then my dear sister kiss them all for me please and once in awhile give me a smack to put me back on track. Dannie will get his liver ill try and make sure he loved taking bites from yours. He loved you so much, he would pick at ya and you would slap at him but he would hold the top of your head and couldn't reach him. Even brought him home you wouldn't let him drive, he always said that you could be a little spit fire at 95lbs. And you were the one who gave Christina her name. You still owe her a Mississippi mud pie, she loved how you and her would talk about books and what was good or not. You gave her the love of reading and you both loved the Nutcracker and Cats. She said that she will see them one day

*and when she does she knows her aunt Carolyn will be right there with her. I know this is long but how can you tell someone about a sister that you loved always will. I LOVE YOU AND ALWAYS WILL REST IN PEACE MY SISTER AND I WILL CARRY YOU IN MY HEART FOREVER* ❤️ ❤️ ❤️ 😊
