“ In my 30plus years as a Realtor I think of Charlie as my favorite client of all time. Although he never actually bought or sold a home with me he was always there for my many transactions with his family members. Our first encounter was probably 30 years ago when he was helping his daughter buy a foreclosure house with an FHA loan. There were stains on the hallway ceiling which would cause a problem with FHA. FHA also required a stove and there wasn't one. Miraculously before the FHA appraiser arrived the ceiling was painted and there was a stove! A similar miracle occurred when Charlie's grandson purchased a foreclosure in the country. I even named my dog Charlie in his honor. Rest in peace old friend. You will never be forgotten.
