“ I remember the first time we visited after we came back from Germany. We stayed with Uncle Charles and Aunt Elouise and there was this huge Florida spider in our room and I freaked out but Uncle Charles hunted it down we didn't have to worry all night. He gained a special place in my heart that night.

I remember going fishing with Him and Elouise several years ago. It was the first time I had gone fishing in years and years. It was just the three of us and I caught the biggest cat fish I had ever seen and I might add it was the biggest fish of the day. I had such a wonderful time. It was the last time I went fishing. I will never forget.

I remember when our son David was getting cancer treatments at Moffitt Cancer center and they opened their home to us. When David went home to Jesus, Charles and Elouise came to his memorial and brought a passel of Bazemores and Nobles with them. It meant so much to me.

Over the years I have looked at their lives and their love and thought what a wonderful example of what God intended when He said two would become one. My heart is breaking for Elouise. I love you so.

“ I meet Mr Charles and Mrs Elouise at One Shot Hunt Club about 5 years ago. He was a kind of guy that was larger than life. His first words to me were Why the hell are you with that fellow? NO SMILE so i was a little worried. Then he put his hand on my shoulder and said come on over and you can bring him to. I then realized that Charles and Horace had that kind of friendship . From then on the Nobels treated us like family. We miss him and will continue to pray for comfort for his family.
