dedicated to: cherl miller...("MOURNFUL PAIN")

written by: brittney ruddy. r.i.p mommy.

--mourning is a way to cope with heart-breaks;

tears are a way to let out the hurt, that you've faced;

but fake smiles are called, a dramatic waste;

-you can love tremendously, but when its gone, names are a burden that hurt horribly;

i close my eyes to remember your laughter;

i breathe in deep to remember your fragrance;

i remind myself that you are doing better;

but i'm stuck, wanting more vengeance;

-i wish i could hug you and tell you i miss you dearly;

to remind you, you were a great mother i could ever ask for;

we argued sometimes, but other-times rarely;

-i write your name numerous of times;

but it seems i can not write it in an exact line, let alone find the correct rhyme;

nor understand the beat of the wind-chimes;

i think of you 24/7, when the wind blows ;

its like your singing to my heart, but all i hear are the screechings of my thoughts, compared to lonely widows;

i have loved and lost;

a broken-heart was the worst i've come acrossed;

a lost of words when i hear your name;

to have a daughter feel the need to bare this blame;

yet, i feel i cannot control my tears they are uncertain but untamed;

i pray for you everyday;

listen to my voice when i say;

i love you so much i could not explain;

to exaggerate the way i feel, is the reason for my mournful pain;.
