“ Crystal, You were always such a pretty girl inside and out. I have some wonderful memories of all the chats you and I had while you were riding on the bus with Beth and I. I know you loved watching the Bucs and you loved talking about them. My prayers are with all of your family.

“ Dear Mr. and Mrs. Ammerman,

*I echo Clare Schwab's thoughts and comments. I was the "other nurse" who always "fought" to take care of sweet Crystal when she had to be with us. She was a ray of love and sunshine even when she didn't feel well. She always had a smile and hug waiting for me...something I will forever cherish. Her gentle spirit and loving heart has touched so many of us in so many ways. Some people are with us for a short time but their legacy lasts a lifetime. My heart will always smile when I think of Crystal and her stories, dreams and hugs. She is one in a trillion. Though we may care for thousands of patients each year, she will always stand out as the bright star. Often we think, as nurses, that we enter into our career wanting to make a difference in someone's life but I think Crystal turned that around for me. SHE made a difference in MY life. Blessed to know her and BLESSED to take care of her. She will be sadly missed but her memory will live on in our heartsd. Thank you for allowing me a glimpse of your sweet angel. Peace and prayers for comfort and strength are with your family.*

*Love,  
Nurse Allie :)*

“ *Mr. and Mrs. Ammerman,  
I am so very sorry to hear of Crystal's passing. I truly loved taking care of her whenever she was with us at ACH. 'Fighting' the other nurses to get to take care of 'my girl'. Her smile and strength no matter how sick she felt was always an inspiration to me. I will truly miss seeing and taking care of her. My night shifts will be a little more lonely knowing I will never be lucky enough to take care of her again. She was a wonderful girl, and will make a perfect angel. I consider myself privileged to say I knew her and share in your sadness. May happy memories and love surround you at this time.
