“ Grandpa, was thinking of you today. Really wish I could share our love of fixing things and how many of your talents have really influenced me in what I do. You always are one of my biggest inspirations and I wish you knew how many good things I do that I contribute to you. Miss you so much.

“ Grandpa, wish you were here. I always miss you. Sometimes I just don't think people remember anymore how much you meant to all of us. I do. Everytime I use a tool, fix something or listen to grandma's stories.....I do. Love you.

“ Grandpa its me again. Im doing even more things like you these days and for sure thinking alot more like you did. I miss your orange peeling and your excitement to show me how something works. Most of all I just miss you. Every single day. Wish you were here so I could tell you all about my life and how disappointing it is that there arent any men like you left out there. I love and miss you. Just wanted to say hi.

“ Grandpa it's been some time now that you've been gone and I still keep you with me everyday. I wish you could see how much I've turned out like you and the same talent we share for tinkering and figuring out just about how to build, fix, make better or even break anything. I miss you so much. Grandma has become my best friend and I see why you loved her so, she is amazing and I think I'm blessed with the memories of the two of you. Just thought I'd write this cause I wanted you to know I still think of you everyday and miss the heck out of you grandpa.
