“ One thing I was going to say, that i will never forget, is when Baron was born,we went up to TGH, to visit ,he was so tiny, had all these tube's an wires all over him, the machines would start whistling bells would be going off, Lynn would just start flipping the switches (i was ready to run get a nurse or doctor), but she was like i got it ,it's ok. She never left the hospital she was there morning noon an night, she left when Baron was able to. She was mommy , nurse,an doctor. She was so proud of her baby boy, she had on doubt he was going to be just fine. An look at him now. She loved her baby.

“ Lynn you were one of my closest friends and I will miss you forever. My life is not be the same without you but I have so many memories of the good times we have had together. I picture you with your little legs flying around that casino and it still makes me laugh. I know you are resting peacefully now and we will meet again one day! May the Lord bring Peace to your friends and family that love you dearly.

“ My dearest Dania Lynn. Since the day we first met at Macs nursery we both knew we would be forever friends. Thanks for all the great life's memories we created together. Through the Wendy/Doug days. The times spent when you moved into the hell hole on Muckpond Rd. Not to mention the best sleepovers a best friend could ask for at my place in Haines city. It made me happiest to see you get some good rest and Tisha enjoyed herself also. I will miss you my special friend. Thanks for all the incredible memories.
My love always.
