“ *Dad, you were the man I looked up to and a great father. You taught us unconditional love, discipline when needed, and everything I know and learned about life is because of you. You taught us how to survive, get back up when we got knocked down, and never give up in life. You always said do your best in life as that is all we can do. Dad, I love you infinity and know that we will see each other in heaven and know you will always be the great father we remember as children. Dad, I love you, I love you so much and very grateful I had gotten to see you before hand. I can't say it enough, I love you more than you will ever know and I know you loved us all. R.I.P. see you in the other side PoP. 🙏😭🏆*
