“ Pittman children were part of our family as we grew into adulthood. I didn't know about Darrell, so sorry girls. I have David down to be a Pall-bearer for me. Who will ever take his place? I do not recognize this man pictured. Always sitting on the back of a boat fishing. My prayers and love are with you all as if we were still sitting in the guava tree by your home in Bowling Green. If you ever needed my prayers, it is now. We all have wonderful memories of those days we can call on at any time from the heart, where we stored them. LOVE YOU TERRY AND MARJORIE SO VERY MUCH FOR SUCH A LONG LONG TIME.....

“ I knew David from working with him in the Phosphate industry many years ago, Just recently was reunited with him when my wife and I met he and Peggy at an HOA. We became instant friends with them. We are crushed to lose such a great person so soon. We love both of you Peggy.
