i know you are so much happier now that your mama has arrived in heaven to be with you and your daddy and baby sister .i told mom to give you a kiss for me today and to tell you how much i love and miss you every single day .but i also told her that i didn,t have to ask her to take care of you because i know she will, because that,s just what mom,s do.i wish i could come to heaven to visit ,they would have to throw me out because i would never leave .but we will be together again one day but God still has work for me to do here for now ,and our kids and Grandchildren need me to stick around awhile longer.so till God is done with me here and takes me home , i will be loving and missing you with all my heart .and i promise i will never forget that YOU LOVE ME !!!

“ *The thoughts and prayers of my family go out to your family during this time of loss. Frank and I were born on the same day, above White's pharmacy in Plant City. We were school mates at Springhead Elementary and our families attended church together at Springhead United Methodist. We know that you are such a loving family and you who are left behind will draw comfort from one another in the days ahead.*

“ Growing up 2 doors away I know we probably wore out our welcome more than once but you guys were more like parents to us and the neighborhood kids when we were there. It did not matter where we went we were looked after and protected and I thank you guys for that. I enjoyed seeing the pictures on Facebook and am sitting here truly heart broken and do not know what to say..... You guys are still family to me and always will no matter the miles between us.
