“ Spent many years spending more time with Andy than my own family. Grateful for the time I got to spend with him. Raised some great boys and had a great family. Condolences to the Putnall family.

“ Andy has always held a special place in mine and Kenneth's hearts, always will. We use to keep him every weekend while Donna worked at night. Donna would bring him to the office when I got off at 5:00, all the ladies in the office looked forward to seeing Andy every Friday. He was a new toy for our family, we all loved him very much and looked forward to each weekend because we knew we were going to have Andy. Kenneth use to ride him around the house on his motorcycle, taught him to say "you redneck", we loved to hear him say "Rosco P Coltrane", he loved the Dukes of Hazard. We kept Crystal a lot also after she was born, usually with the two of them and our two girls it was always fun time at our house on the weekend. Usually whatever they wanted, they got within reason. I remember the baby parades with both of them and how cute they were. We will always have special memories of Andy we will cherish forever. We know we will all see him again one day in Heaven, I am sure he will meet us, holding the gate telling all of us to come in and see how beautiful Heaven is. We all kept praying for a miracle, but God had other plans. Our hearts break for the family, each of you have special places in our hearts also. We love all of you very much. We pray for God's Blessings on each of you through this difficult time. Melba and Kenneth
