“ *My first ALS symptom occurred in 2016, but was diagnosed in 2018. I had severe symptoms ranging from shortness of breath, balance problems, couldn't walk without a walker or a power chair, i had difficulty swallowing and fatiue. I was given medications which helped but only for a short burst of time, then I decided to try alternative measures and began on ALS Formula treatment from Aknni herbs centre, It has made a tremendous difference for me (Visit ww w. aknniherbscentre.c om). I had improved walking balance, increased appetite, muscle strength, improved eyesight and others.*

To the family of Dewayne,

May you find peace and comfort at this most difficult time. I met Dewayne through business dealings. We grew to become close friends over the last [35] years and I cherished our friendship greatly through those years.

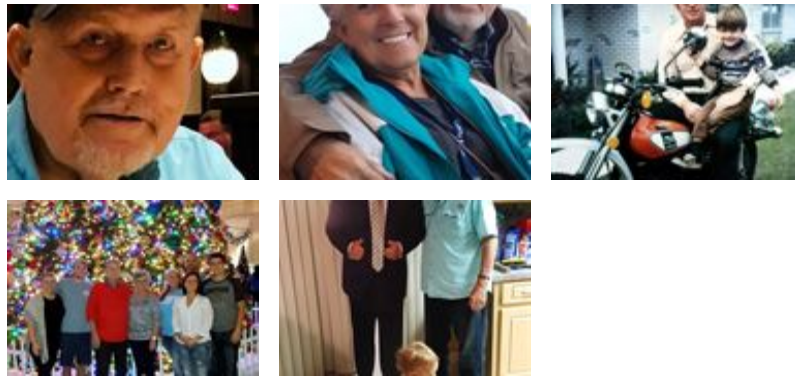

Dewayne was a very honest and Christian man. He was very respected and liked by all. I fill honored to have known him and was able to call him my friend.

ME

Mr. Bingham was a fine man so loving and giving. He and my dad (Robert Moore) were good friends. I can't believe they have both passed in less than 2 months of one another. Everytime I saw Mr. Bingham he always had a huge smile and would say Hello darlin" and give me the biggest hug. I am going to miss him dearly. Love and prayers to the Bingham family.
