“ My grandmother was full of life. Never a dull moment. She loved her old Milwaukee beer and lays potatoe chips. She raised me up to love fishing, crabing, and camping. When I was old enough she flew me to the Beau Rivage in biolox where I was introduced to gambling. She loved the casinos. We shared a lot together. She will always be in my heart. I love you grandma and will see you again.

Judy's mom welcomed me into her home and made a delicious dinner. Always a sweet woman who raised a sweet daughter. I'm sorry for your loss.

“ *She was the best grandmother. Always knew what to say . I remember when she would give me a quarter for sweeping her kitchen. She worked at Wal-Mart for 20 years and always bought me something monthly from there. She made this amazing salad dressing that I now make myself at home. She taught me how to paint on stain glass windows. I always thought it was funny how she loves to fish and would never eat it in a million years. She was so soft spoken. I love you grandma. Your in a much better place.*
