“ I really don't know where to begin Dollie was like the sister I never had, she was such a important part of my family especially to Nikke and Sierra. I can still can hear her laugh she had a great laugh and smile. There isn't enough space for all the great memories. One great memory was when the Doll and Jeff came to Pa. she was so anxious for him to see snow she was like a kid and whenever they stayed with me she wanted me to make a big country breakfast for them bacon, eggs, fried potatoes with bacon milk gravy with seasoning she loved it. She will be missed but now she is with God and her long battle is over and she can rest she fought a long hard battle thank God she had Jeff. I wish I could be there I loved her very much. My love and condolences to the family. It's just sinking in that she is gone. Love Jo'Ann##imported-begin##Jo'A Lehman##imported-end##

“ though i never actually met Dollie, i felt i knew her through her loving sister Lori. she was a very special person who lived life on her own terms, fighting hard against her disease...she bravely kept on going, sharing new and ever more precious time with her family. no amount of borrowed time is ever enough, we know, but the deep bond between Lori and her sister will never weaken. it will always remain, forever. may Dollie rest peacefully, surrounded by loving thoughts of her husband and family. Lori and Steve..you are in my prayers..##imported-begin##susan Hipworth##imported-end##
