“ *Sincere condolences in the loss of your sweet daughter and my former classmate of the PCHS class ~ 1973. She was very sweet and always shared a kind and encouraging word. Our lives took different turns but her thoughtfulness to me during our school days will be remembered. Rebecca Register Rhodes*

My deepest sympathy to the Williamson family. Brent Register

“ I have so many amazing memories of this wonderful sweet gentle soul. I love going to church with her family I love growing up next-door to her I always looked up to Doris I remember when I was about six she gave me a few piano lessons I thought she was just gorgeous and she was inside and out. I have so many fond memories of Doris. We shared the love for Jesus family animals especially our horses. She helped me so much for my mom passed she loaded her horse Baby Doll and trailer up come picked me up and encouraged me to go trail riding off we go for a six hour Trailride we talk for hours about how much she loves Jesus Mark and her family. My last memory of her was at a obstacle challenge a group of girls were talking about how this one child shouldn't be so shy I told them not to worry about her you should've seen how shy I was when I was her age! They didn't believe me considering how I am now but then I saw Doris ride by and stopped her. I called her over. I said Doris tell these girls how shy I was when I was a kid without hesitation Doris said and I'll never forget her response Pam and I grew up beside each other we were more like sisters but we were both so shy wouldn't even talk to each other. I love you Doris see you on the side of Jordon.

As a child I always looked up to Doris she was so beautiful and smart. She gave me a few piano lessons when I was about 6 years old. I have so many great memories of her. We shared a love for Jesus family and animals especially horses. Doris was there for me when I lost my mom she encouraged me to ride again even came and picked up me and my horse and off we went on 6 hour trail rides. The last memory I have of Doris we were at a obstacle challenge and the girls were talking about being shy. I told them how shy I was when I was young. They couldn't believe it knowing how I am now. Then I saw Doris riding by and I stopped her and said "Doris tell these girls how shy I was as a child, " I will never forget her response Doris said without hesitation "Pam and I grew up next door to each other more like sisters and we were both so shy we didn't even talk to each other. Doris had the most quit gentle spirit! I will think of her every time I ride. Love you Doris see you on the other side of Jordon. ❤️
