“ To an amazing woman! When I heard Dot had left us my first thought was the Brandon Coca-Cola had lost their matriarch. You didn't have to work there long to learn if you needed to know an answer, Dot was the person to see. She knew her job inside and out and could read and answer her hundreds of e-mails while she listened to your questions and gave you direction on how to resolve your questions. Dot, you will always be remembered. Thank you for all your guidance and teaching all of us "new-bees" the ropes. There will never be another one like you, God broke the mold!

Tony and family, you are in my thoughts and prayers. Dot was one of kind to us at CCR. I know you will miss her more than anything, but she is at peace now, thank you for sharing her with us! We were all better off by knowing Dot. RIP, Dot.

I worked with Dot from 1991 to 2001 at PTI/Epix. Thanks to Dot who interviewed me for the credit manager's position, she approved, Jack Powell hired me. I really needed a job, and Jack told me Dot would have to approve me because we would be working close together. She changed my life immediately. She taught me alot, and we worked together as a team to approve credit, and collect the money, and helped make the company a success. I remember her telling me in closed doors after the interview that it would take me 4 long years to get her respect, and then she asked me did I still want to continue? I told her yes, and that I needed to earn her respect, and would appreciate all her help which she gave me all the time. Many times I would knock on her door even when it was closed to ask for help, and she was always there for me, and always had the right answers. She was my mentor, and made my job easy. She was very strong with me for those first 4 years, but we worked hard, and had alot of fun. We became close co-workers and friends on a personal and business level as the years went by. Dot was one of a kind! She set the example for me and all of the employees. She was the glue that kept all of us together She worked more days, and more hours than anyone I can think of. It was a pleasure to know her and work with her. I deeply miss you, Dot. Thanks for the memories!

Tony, I remember the day that you and Dot got married. It was a great day, and she was so happy. Barbara and I were so happy for her. You started a new chapter in her life, and has continued for all these years. I pray for strength for you, her father, her son, and all the family.

Unfortunately, Barbara and I will not be able to attend the memorial service for Dot. We have a cruise planned to go to the Panama Canal. Tony, you will be in our thoughts and prayers. May God Bless.

“ I worked with Dot at EPIX and Coca-Cola. After I drifted from gig to gig, she was a mentor that aided me in opening and starting a career after college by hiring me. She is a force of pure fire and energy...not watered down an ounce! I'm tremendously grateful to have known her and will never forget her fiery personality, fearlessness, and sincerity. Our loss on earth is Heaven's gain and I send my deepest sympathies to her husband Tony and family and friends. It's an honor and privilege to know Dot...there's a new angel entering the pearly white Gates!

“*Mrs. Dorothy “Dot” Bevlin-Goldman – A Woman of Grace*
There are no better words to describe Dot. This terrible illness may have taken possession her body; it never took over Dot’s passion for life, her love of people and friends. Dot set an example for all to live by. She never once complained and always graced our halls at work every day with a smile, as we watched her fight for life. We prayed in silence for Dot, a woman that always made time to patiently speak when asked how she was doing. I’m sure the questions become difficult to answer some days, but you would have never detected it. I only wish I would have sent her a note to let her know what an impression she made on me in her flight for life. May Dot rest in peace in the hands of the lord forever. With sincere sympathy to Dot’s family and loved ones, you’ve lost wonderful women, one you should be very proud of.

“ Once a family, always a family....and we were....so many memories, so many laughs, so many 3 a.m. conversations by the lake, we supported each other with tlc, through weddings, funerals, births, joys, reunions and many parties. We shared our lives, our reunions and once, a little cottage in the woods. Knowing this kind and non-judgmental woman was a privilege. Tony, you should know that Dot's life lit up when you and your kids walked into it...it was so refreshing and beautiful to watch your love story unfold. It was so funny when Peggy and I informed her that she was in love with you!! May you find some peace in knowing that you completed her very full life. God bless you. In peace, with love, Cindi Nunes

“ You may have thought I didn't see,
Or that I hadn't heard,
Life lessons that you taught to me,
But I got every word.
Perhaps you thought I missed it all,
And that we'd grow apart,
But Dad, I picked up everything,
It's written on my heart.
Without you, Dad, I wouldn't be
The (woman)(man) I am today;
You built a strong foundation
No one can take away.
I've grown up with your values,
And I'm very glad I did;
So here's to you, dear father,
From your forever grateful kid.

“ I worked with Dot at PTI/EPIX for 6+years. What a lady!!! At first when I met her, yes I too was afraid of her.....of course once you took the time to really speak with her that would change. The woman knew her stuff. You could go into her office---stacked with piles of paper- she could put her hands on anything she needed. She worked tirelessly and endless. I do not know where that lady got her energy but she sure had it!!! Dot, you are a great person, so sorry that the man above has seen the need to take you so soon-i'm sure that he felt that you needed the rest--thankfully we now have another angel above watching over us. I'm sure that he will see to it to put all that energy that you have to good use. R.I.P. dear lady-- you will be missed by so many people.
Tony, my thoughts and prayers go to you and the family.

“ *I have many, many, fond memories of Dot when we worked at PTI/Epix. She had an amazing sense of humor. Even though she use to like to tell me "NO" most of the time I would still enjoy going to her office and chatting over her piles of paperwork and stealing some candy from her candy jar, that was always filled. “What is Dying?”

Bishop Charles Brent

*I am standing on the sea shore.
A ship at my side spreads her white
Sails to the morning breeze
And starts for the blue ocean
She is an object of beauty
And I stand and watch her
Until at last
She fades on the horizon.*

*Then someone at my side says
"There, she has gone!"
Gone where?
Gone from my sight - that is all.
She is just as large as she was
When she left my side.
The diminished size and total loss
of sight
Is in me, and not in her,
And just at that moment when
Someone by my side says "She's gone"
Others on a distant shore
Take up the glad shout -
"Here she comes!"
And that is dying...*

Dot and I met at EPIX back in 2000. I always loved going into her office and seeing her do her magic with those infamous paper piles. She really did know exactly where everything was. I was definitely intimidated by her in the beginning, but grew to love her just like so many others. She would do anything to help you out if she could. Smart as a whip and a great friend.

She nagged me like crazy to join facebook so I could be one of her Farmville friends, and of course I did it! She will be greatly missed by a huge list of friends.

To Tony and the rest of her family, please accept my heartfelt condolences.
