I know its been awhile since I have written, please don't even think that i have forgotten about you, that will never happen.
I had a job interview for a new job yesterday, (well my old job in Power systems) but it looks promising, I hope.
Beth also had an interview, I know you are looking down on us and helping us, John is still sueing me, I hate that man, you would be ashamed of him, i know that you would not call him friend, he wasn't never your friend, just a user. any way, didn't come here to talk about him,
Just wanted to let you know i STILL LOVE YOU AND i ALWAYS WILL, noone will ever take your place,
There will never be another ED RIFE.
You have been in my dreams alot lately, are you trying to warn me about something?
I miss you.
I wish you could come home to me.

“ Hello Ed, Today is October 4, 2011. 7 years ago today you ask me to marry you, and you bought me the most beautiful wedding ring, I said yes and you set th date for May 7, 2005. You made me very happy, I truely believe I made you happy. We had a good 16 years together, I know we had some battles to deal with and that we did, everbody said we wouldnt make it, but we did, and I became a much stonger person for it. You taught me to hold my head up high and not worry about what everybody says or does. Just be happy Katherine, thats what you always tried to make me. I will always love you, you were my world and I still feel just as lost today as I did the day you went to sleep. I told you that night that I knew you were tired, you fought a long hard battle, I told you to go to sleep and I would be here when you woke up. and that I loved more than any one in the world. I said I would be alright, but im really not so sure, I wish I could just come be with you. Anyway, I hope that you are ok, not hurting and breathing on your own now. I WISH TO GOD EVERYDAY THAT I COULD SOMETHING MORE, I miss you so much, that it literally hurts my chest,
Good night my Husband, I love you..... Foever and always plus 25 days...

“ Dear Ed,

WALK BESIDE ME

*You've left my world
yet your aura lingers still...
I feel your ever presence
believing it's your will—*

*To never quite desert me
crossing to the other side,
leaving just an open wound
of grief I must abide.*

*I see you in a shadow
from the corner of my eye,
and feel you sitting near me
in the bedroom when I cry.*

*You walk with arms around me
as we tarry in the lane,
remembering the early years
of love that shall remain.*

*Death can never separate
two hearts that beat as one
for God brought us together,
His will on Earth was done.*

*My hands reach out for yours
in a grasp that we may share
all that life has left for me*

ME

“ Dear Ed,

I have been thinking about you all day today, well everyday, and nothing has changed, I still miss you.

I come home to an empty house and it is not easy, You are not there to greet me, or say Katherine where's supper. Your chair is empty at the table, you ran me out of it anyway, The house just echos from the silence and I have to shed a tear when I remember I am all alone, 15 years together, so many wonderful memories, the 2 of us created, especially the last 5 years, are all I have left, Losing you has changed my entire life, because you were my best friend, and I really need to talk to you. I feel lost and completely uncomfortable even making little decisions, thats what you helped me do, Our bed is huge, and the pillows are just not you, But something inside me is telling me that I will survive and get through this, but this is the hardest thing I have ever had to do in my entire life, you were suppose to be here to help me through the bad things that will someday happen. I have to store all of my memoruies in a safe place in my heart and continue life's journey alone, I hate this so much, How do I go on without you, Peaople say I will forget the pain in time, but I really don't see that happening, I will never forget you, you were the best thing that has ever happened to me. I miss you more than words could ever say. I am so lonley, scared, sleep deprived, losing weight, I need you here with me now, I wish there was someway you could let me see you one more time and hear your voice, I really miss that, You calling me Katherine, Princess, perty, (yes i spelled it just the way you said it) Please come back to me, i need you so much.

I love you Hubby,

Love Wifey

“ Hi Ed, Well tonight really sucks, I was mopping upstairs when I Cross My Heart started playing word for word in my head, I just lost it. good thing I had a few zanax's left. I miss you so much that I don't want to be here anymore. This preacher on tv says that the world will end this sat. Well if it does at least we will be together again. You know, when I met you I was going down a path that was sure to be very destructive. You know what was going on in my life at the time, and you saved me from my own hell. You were my strength, My Love, My life, and all of those things are gone with out you. If not for you I would never have gotton todo the things I have done, My dream of going to Montana you made come true, Alaska, and then to Ireland. You took me to the real KFC in Kentucky, drove out of your way, just to make me happy, and you did, m ore than you know. I feel so alone, I have my family, and some new friends, but without you I feel so empty, scared and confussed, bewildered as to what is coming my way. ford is trying to help me with the truck. Haven't heard from butthole. Jimmie said he is in Indiana, Kristis mom died, so now she knows what real pain feels like. Its a shame John doesn't. Anyway this is about us. I love you just as much today as I did the day I married you. That was truley the happiest day of my life. We won't talk about the three worst days. Well I better go, Remember I love you and I always will. I hope you are at peace now, Someday I will be with you again. Love you now and forever,

Please forgive me, and please help me understand why you had to leave me.
I love you Ed and I always will.
I know the money you left me is gone, I just hope they enjoyed it, cause there will never be anymore. You know the truth!!!!,

Mom, Daddy Beth and Justin went, Yes Justin still comes over, well till I have to move , then it will be to far away, Jimmy and Annie are having a boy, His due date is August 31, I hope she has him on the 25th to honor you. “ Hi Baby, Today was the most awful day since you left, I took Beth to Ruskin to take of some busines, I left her there, and went home, Well I had a terrible meltdown, I cried so hard I threw up, I screamed, I yelled, I just can't pull myself togrther, I have to I start work monday, and I can't break down every time i turn around, I cried so hard it broke the blood vessels in my face, looks like someone run sand paper over it, (feels like it to).
Mom is sick, and I realy don't think I can handle losing her or anyone else I love, I don't understand why this is happening to me, I know it sounds like woe as me, but Ed what did I do to deserve to lose you like this, We were happy, our lives were right where we wanted them to be, We loved each other, and we should have had at least another 30 years with each other, I HATE BEING HERE WITHOUT YOU I am so lonley, so hurt and so damn angry, I keep asking why but never get an answer, I look for you everyday to come up that drive way at 4:30, I'm not eating, sleeping I only go outside if I have to, Poofie is sticking to me like glue, I swear that I can look in her eyes and see you, she kisses me each morning between 4:30 and five, licks my cheek but doesn't bite like she used to do, I think it is you cominhg back through her to help me get through the day,
I had to sell the RTV and some other stuff, but I think I can save your truck, I am having a memorial sticker put on the back window. Everyone says, one day at a time, but i am having a really hard time getting through the day, nights are worse, (as you can see it is 12:21am,) I wish to God everyday that you could come home to me, or bring me to you. Remember the wall you tore down, well its going back up and no one will ever be in my life like you were. Therre will never another Ed Rife, I can't believe I am a widow, I hate my life.
I need to go, I can't even see the keyboard anymore,
I Love you and I always will.

“ Hi Baby, It me, your lonley wifey, I am really trying not to cry but life is reallly crappy here without you, I went and tried to trade the car and truck hoping for a smaller payment, but that was a joke, So I have to let the truck go back, Rose said she wanted it, but then changed her mind when you passed, Thats ok , I started over before and I will again. I just can't seem to find my way out of this darkness. If it were not for my family I would be with you right now. I hate life here with out you. There is not enough xanax inthe world to take this pain away. I miss you so much I don't know what to do about the house, your buddy of 27 years treated me like a piece of dirt. I felt worse than dog crap, 2 days after your service he was selling to get out from under this house, although I am making the payments on time.... I always told you that you had more faith in him than I did. Well he proved me correct. I can say that he did not care about you the way you did him, because I know you would have given him the shirt off your back, and would never have talked to his wife like he did me..

Anyway, I have to have some where to vent, so guess what? you get to listen to me, but I really need you to tell me what to do, give me a sign or something.

“ *Tomorrow Starts Without Me*
When tomorrow starts without me,
And I'm not there to see,
If the sun should rise and find your eyes
all filled with tears for me,

*I wish so much you wouldn't cry
The way you did today,
While thinking of the many things,
We didn't get to say.*

*I know how much you love me,
As much as I love you,
and each time that you think of me,
I know you'll miss me too.*

*But when tomorrow starts without me,
Please try to understand,
That an angel came and called my name,
And took me by the hand,
and said my place was ready,
In heaven far above,
And that I'd have to leave behind
All those I dearly love.*

*But as I turned to walk away,
A tear fell from my eye
For all my life, I'd always thought,
I didn't want to die.*

*I had so much to live for,
So much left yet to do,
It seemed almost impossible,
That I was leaving you.*

I thought of all the yesterdays

*The good ones and the bad,
I thought of all the love we shared,
and all the fun we had*

*If I could re-live yesterday
Just even for a while,
I'd say good-bye and kiss you
And maybe see you smile.*

*But then I fully realized,
That this could never be,
For emptiness and memories,
would take the place of me.*

*And when I thought of worldly things,
I might miss come tomorrow,
I thought of you, and when I did,
My heart was filled with sorrow.*

*But when I walked through heaven's gates,
I felt so much at home
When God looked down and smiled at me,
From His great golden throne.*

*He said, "This is eternity,
And all I've promised you."
Today your life on earth is past,
But here life starts anew*

*I promise no tomorrow,
But today will always last,
And since each day's the same way
There's no longing for the past.*

*You have been so faithful,
So trusting and so true.
Though there were times*

*You did some things
You knew you shouldn't do.*

*But you have been forgiven
And now at last you're free.
So won't you come and take my hand
And share my life with me?*

*So when tomorrow starts without me,
Don't think we're far apart,
For every time you think of me,
I'm right here, in your heart.*

“ You used to call me your angel
Said I was sent straight down from heaven
You'd hold me close in your arms
I loved the way you felt so strong
I never wanted you to leave
I wanted you to stay here holding me

*I miss you, I miss your smile
And I still shed a tear every once in a while
And even though it's different now
Your still here somehow
My heart won't let you go
And I need you to know
I miss you, sha-la-la-la-la, I miss you*

*You used to call me your dreamer
And now I'm living out my dream
Oh how I wish you could see
Everything that's happening for me
I'm thinking back on the past
It's true that time is flying by too fast*

*I miss you, I miss your smile
And I still shed a tear every once in a while
And even though it's different now
Your still here somehow
My heart won't let you go
And I need you to know
I miss you, sha-la-la-la-la, I miss you*

*I know you're in a better place, yeah
But I wish that I could see your face, oh
I know you're where you need to be
Even though it's not here with me*

I miss you, I miss your smile

*And I still shed a tear every once in a while
And even though it's different now
Your still here somehow
My heart won't let you go
And I need you to know
I miss you, sha-la-la-la-la
I miss you, I miss your smile
And I still shed a tear every once in a while
And even though it's different now
Your still here somehow
My heart won't let you go
And I need you to know*

“ Grandpa,

How do I begin? Where do I even start? These past few days seem to have the disorienting quality of a dream. It just doesn't feel real to me.

I've spent the past day and a half smiling and laughing, thinking of the memories I have of you, which I will forever cherish. Starting way back when I was about 4 years old going down to Florida to visit you and you brought me to Chuck-E-Cheese and the water fight we had at your house afterward?, or our trip to Niagara Falls when just the two of us stayed back at the hotel so you could take me swimming and everyone else went out? what specifically stands out about this is how after swimming I fell asleep and when my mom came back you said "You're even beautiful when you're asleep", or your summertime visits with countless trips to Cappie's to get hotdogs and ice cream soda?, and the crazy family dinners at Aunt Ann's where we played hours of blackjack over some Russo's pizza, or the many mornings spent at the Windmill, or the sunny days on the Minnie-HaHa on Lake George. There are just so many...!

I believe that farewells are necessary before meeting again, which I am certain we will someday. I wish we had more time together. Rest in peace. I love you.

-Sandy

“ Ed,
I'll always remember going to pick up pizza at Russo's and you left me in the car in my pajamas and after what seemed like forever to a ten year old I decided to come in and look for you, imagine my surprise to walk into a bar and the patron's to see me in my pajamas! LOL. Rest in peace.

“ Dear Grandpa,
I remember the time when you took me and Timmy to see your work and there were so many alligators. I also remember when we were at your wedding and me and Timmy shot the cap-guns off and when we were taking pepsi shots at the bar and we were just like cowboys. I wish I could have spent more time with you.

“ *I remember when we were out doing stuff on the tractors on your farm and when your geese started chasing me around and everybody laughed and when we would get Russo's pizza when you came up to visit and when you brought me to see the cranes at your work. I will miss you.*
