“ When I met her for the first time, it was because of Ken. Since he was on the board of Directors at the Farm Bureau, and I was an agent, he thought I could be of help to her. At first, she was hostile. That was until I convinced her that I was not there "to sell. but to be a friend because of Ken. Her likes and mine were alike, so I went to see her because of that. Well, I finally won her over, and we have been good friends ever since. She and I had our Coffee times together nearly every day. We became the best of friends and stayed in close touch ever since. I will miss her so very much, as we all will.
