“ As we all know Frank Simmons made all of us a better person in life, the saying that your born on date and your passed on date mean little - It's the dash that is the testament to how you lived your life - As I visited with Frank last week I told him he had one hell of a dash that brought good things to all. I wish I could bottle up all the stories and memories I have of Frank to pass on to many generations in then future.

Frank Simmons is a Damn Good Man that shall be remembered by me for the rest of my life.

PS: Frank my promise to you about Coby is on track.
