“ Worked with Frank for many years at New Wales. He could always say something that would make you laugh. I asked him one time why he was walking through the warehouse pulling a chain behind him. He said that he tried pushing it but pulling it worked better! That was Frank. Will always remember him as a friend.

“ It is with a heavy heart that learned of Frank's passing today. I worked with Frank for nearly 19 years at the warehouse at New Wales. We shared so many stories and laughter during our fellowship both at work and after while fishing and socializing thru the years. It will always warm my heart when I think of those times spent together. I always considered Frank a true friend which I valued so much. I visited Frank and Janelle at their home on several occasions and always enjoyed those times. When I would stop by they always made me feel like family with our conversations and friendship. i think of Frank often and will always cherish the times we spent together. My thoughts and prayers go out to all the family of Frank. He will always be remembered in all our hearts and minds as a friend and special person that he was to all that knew him. Rest well my friend we will meet again. Sincerely Bill Joyce
