“ *I met Mr Fred about 5 yrs ago at Plant City Internal Medicine Specialists. I always enjoyed the days he would come for a visit. We enjoyed picking at each other over the years and he always made me smile. He will be sorely missed. I will think of him often when I see a spoon. I am so grateful that i had the privilege of knowing him. This world needs more Mr Fred's. Thank you Mrs Diane and Mr Mark for taking such great care of him! Nikki*
