“ *I was in the Navy with Jack and we both served on the same ship. He was a good shipmate and a great friend. It has been quite a few years since I spoke to him and I wish we had communicated much more often. I will miss him.*

“ I am a CF Industries employee and only knew Jack for a few years, but Jack served CF Industries as the cook on the ocean barge "Jamie Baxter" for many years and enjoyed his job there. People said he was a great cook. I actually enjoyed his cooking on one occasion, and I agree with them. Then Jack worked at the Plant City Complex where I work until he retired. But I will always remember Jack for how he cared for his wife during her last years. I spoke with Jack a number of times about what he did for her and how he cared for her. That will be Jack's legacy in my memory of Jack. That, and how he loved his dog. He was a good man and faithful husband and father. I will miss him.

“ Fare thee well, dear Cousin. I fondly remember holding you in my arms when you were an infant. You lived an admirable and creative life, loyal and honest.

When I think of your Plant City homestead I think of my farm in Iowa. Near my farm in Iowa there were some old farmhouses that entirely disappeared so that all that remains is a clump of lilacs or wild tangle of rose bushes about a grass-covered or bush-grown cellar wall. The last thing to disappear is not that which the old farmers set their hearts upon, their fine houses and barns or their cultivated fields, but the only touch of beauty they left - lilac clump or rose tangle.

“ Good bye Jack, I will always remember when you and Tommie were selling stuff at the Plant City Flea Market. We also had several fishing trip out in the gulf with many of the other dealers from the market. The good times will not be forgotten, and I will always have fond memories of you and your wife.
