“ We are know by our friuts. Terry left friends and family with memories of a good man. We know terry is better and as much as he would like to be here, he wouldn't come back. He is where we want to be one day, with his savior. GOD blessed all of us by having Terry as long as we did. He was leaving school when I came but I still remeber him. He was bigger than life even then.

i met terry when i boarded my horse at his barn in 1994. terry always had a smile and kind word to say to me. terry was very knowledgeable where horses were concerned. he would always tell me when my horse and i looked good after making a barrel racing run on the same token he would tell me where i could make improvements. terry was always very caring and kind. i had a horse die at his barn so he took the yellow backload and buried my mare for me. that was a kindness i will never forget. love and miss you terry. rest in peace. you are up there with my daddy swapping stories. i bet you two are a sight.

*Terry (and Eddie) shared the school bus stop with me when I was starting the 7th grade. I remember them being so nice to a young kid like me! His parents and my grandparents (Mack & Aliene) were good friends and spent a lot of time at each other's homes. I'm sorry to say that I hadn't seen Terry since then (about 1959-60) but I have heard good things said of him over the years.*
