“ *Ronnie & I always enjoyed our visits with Sonny when he would stop by our office, just to see how things were going. We had many discussions from where to buy the best fruit that week to how to cook bacon in the microwave and we always enjoyed hearing about his early life adventures. If you knew Sonny, you also knew how proud he was and how much he loved his children & grandchildren and especially the love of his life, "Ms Kitty". We will truly miss you Sonny! We will be keeping all of the family in our prayers.*

“ *For 45 years I was blessed to have this amazing man as my grandfather. But to simply call him grandfather does not do justice, he was my mentor and best friend. I lost a piece of me that will never be replaced, but he will live on in my memory till we are together again. I love you Pops with all my heart!!*
