“ Mr. Jerry was one of my favorite people. I'd always steal a hug and a smile from him when he came to the GI Clinic at Moffitt. My name is Amber, and I am just one of the CMA's who got the pleasure of getting his vitals every visit and he was always so pleasant and sweet. Nothing could get him down. I can't believe it's been over a year since I last saw him. He was heavy on my mind, and I can honestly say that he will be missed. My condolences and all my love to his family, friends, and loved ones that were lucky enough to be loved by him. Rest in peace, Sugar.

I knew Jerry from high school, and considered him a friend. He always had something pleasant and positive to say, no matter what the situation. He will truly missed in body but always remembered in spirit 😊

“ Sue and I live across the street from Larry, Robin and Robin's sister Kathy . This is how we meet Jerry he and Larry were all the time working on there house or doing jobs for other people .They both always had a beautiful smile and hug when we would see them. Sue and I always had a hard time telling them apart. I will always remember one time Sue and were at the restaurant in Plant City with some people from church and saw Larry come in for breakfast. I told Sue we have to go and say hi to him before we left the restaurant.. So as we were leaving we went over and talked to Larry for probably 5 minutes and them told him to give Robin a hug and tell her we said hello. He looked at us with a smile and said I better tell Larry to hug his wife. we looked at him puzzled and he broke out laughing and said I am Jerry .We were so embarrassed but he laughing even harder and reached out and hugged us both with love and said you are not the first that has happed to. That's who he was full of love and laughter. you will be missed but we all have your new address and we WILL see you later!!! God bless to all of the family and always "Remember No one loves you like Jesus"
