“ *She loved all of us. And she was Nanny to many of us. It Did not matter if you were blood kin or not. For 40 years she was Nanny to me. She loved going out to eat, And she loves her little dog Ladybug. I often joked around and said that if I could come back as anything I'd come back as Nanny's dog. I love listening to her stories of when she wad young. She will be greatly missed.*
