“ *when I met Mr. John he was taste testing my Juice creation I had just gave the family a quick juice demo and he actually liked it which was a relief. I remember my good friend Katie stayed right next to him almost the whole time I was there. You could see that they had a very special bond. After a awhile I brought my guitar in the room he was laying in to sing (Mrs Katrina makes me..lol) and I started singing Break every chain and the most amazing thing happened...the Holy Spirit poured out his spirit onto everyone there including the small children Michael,Matthew and Grace and they began weeping under the power of God almost immediately. Afterward John said "you would never think a voice like that could come out of a small girl like you wow that was beautiful". Well that night as I was telling my husband what happened the Lord revealed something to me about my meeting with Mr. John and family. God was calling me to minister through song from that point on. Thank you John,without that divine appointment set up by God I might still be asking God to point me in the right direction. I love you Katie and family so much. God bless*
