“ Joe was like a brother and a major influence in my life since I was a teenager. He was the one who introduced me to jazz piano, taught me how to use and fix a Mac computer, play chess among other things. When I needed advice on something he was always there to give it.

*He was a great family man. His family was a priority in his life. Dessie, if there is anything you need, I will be there for you.*

*May he rest in peace. He will sorely be missed by many.*

“ I have been blessed to have been able to spend time with my uncle, Joey. My fondest memory with him is from when I was a child. He picked me up one Friday evening to spend the weekend with him, Aunt Dessie, Joey and Melissa. It was always one of my favorite places to spend time. We stopped at one of his patient's homes so that he could treat the man who had lost his leg. He showed such compassion for the man and his situation and I have carried that with me over the years and hope that I show the same. Uncle Joey was a wonderful man in the world and now, he is blessing heaven with his presence. He is missed. Rest in peace.

“ I only met Joe briefly through Rich Grimolizzi but I felt that because of Rich talking so highly about him so frequently that I knew him well. He was a caring mentor to my best friend Roch as guided him and encouraged him in hard times that musicians often face. He was always there for him and Joe will be sorely missed!

“ One of my fondest memories of my cousin Joey takes me back to my childhood. He was a wonderful piano player and my piano teacher. I always looked forward to my lessons as he was always patient, kind and understanding. After the death of my dad I was so sad to continue but he would always ask me from time to time if I was ready. He would say "I am ready when you are". Joey was always there for our family during the tough times I will never forget that support. God Bless you I know you have a special place in heaven. I will always love you Joey . See you on the other side.
