“ *I was very fortunate to have Joe as my brother. It was easy to say I love you to each other and I valued our phone calls with his keeping me up to date on his family and the world travels he and Judy enjoyed along with some laughs. He began high school before me being born 16 months earlier. When I started my classmates called me Terri rather than Theresa so I became known to Joe as Terri as well as Judy when they met and married. Along came Brian, Todd and Dustin and I am proudly their Aunt Terri. Joe is so loved and missed. It is my belief that God made sure that love doesn't die when we do. We just have to stop, quieting ourselves enough to feel it. Healing love and memories to family and those who also knew Joe.*

“ Family visits during the holidays where Uncle Joe and Grandpa would heat up the deep fryer in the garage and enjoy their Oysters. They would laugh when we would make faces about it. It's been a long time but visiting there at your home in Florida was a nice memory too. No more pain, no more fighting cancer. You can now rest peacefully and pain free. May God hold you close in His loving arms.

“ I feel so blessed to have had such a wonderful brother. When we would talk on the phone, he was so happy talking about all the wonderful trips they had taken together. I enjoyed hearing about all of them. My brother will be missed, but never forgotten.
