“ Judy #1 was a dear dear friend of so many people from so many walks of her life. We went to school together for at least 5-6 years. All of her classmates looks forward to seeing her and Tom at our class reunions - and there were many of those. She always had something good to say about everyone and she "danced like no one was watching" all her life. So much FUN, so many MEMORIES, so many JOKES, so many good HUGS AND KISSES..... Our Lord sure took a good one home.!
Love you Judy#1 from Judi #2

“ Tom, my heart is broken for you. Judy who is one of the most positive ladies who has gone through so much, always had room in her heart and life for others. She as do you, always no matter what pain she was going through, reached out to help. What a lady and how proud I am to call her my friend and honored to have known her and shared in her life. I am so sorry. She is at home with her children and I know that makes her happy. God bless you and your family.
