“ I had the absolute pleasure of working with Miss Liggett for several years. She became so much more than a “resident” to me — she became family. On the hardest shifts, when all I wanted to do was go home, she gave me a reason to stay and reminded me why I chose this line of work in the first place. Her sass, humor, and strength brought so much light into my days, and she always knew how to make me laugh when I needed it most. She taught me what true strength looks like, and I will forever be grateful for the love, laughs, hugs, and memories we shared. She was truly a firecracker and will be missed more than words can express.
