“ *I am and will always be grateful to Almighty
God for putting Mr. Ken in my life!!! He
encouraged and prayed with/for me so many
many times when I felt like I failed myself and
others. I cherish our discussions as we
enjoyed the Wendy's large size frosties and burgers during the
compilation to release stages of my book of poems as he is the
Executive Producer of same. There is a lesson to be learned from
every story he shared whether it be from days of childhood,
schooling, military, fatherhood, grandparenthood, travels, careers
etc. I hold in high esteem his recognition of giving God the glory for
all things at all times and that His grace and mercy is abundant
even when we fill undeserving. FOREVER in my heart you REMAIN
MY FRIEND/FAMILY.*

“ *Kenneth and I were roommates in Frankfurt, Germany from 1966-1967. We were in a two man room and spent a lot of time playing the guitar and recording. I couldn't carry a tune in a suitcase, but, Kenneth did most of the singing and taught me to play the guitar. He is a memory that will endure to my death and I thank him for making our time together a plus instead of looking back with a less enjoyable experience. We were fortunate to happen up on one another and deciding to share a room. Rest in peace my friend and I'll play a tune with you in the near future. Love all of you, Michael.*

“ *Ken was the first photographer that ever trusted me behind a lens. I learned so much from him in the small amount of time I had the honor of being his assistant. He will forever hold a special place in my heart and memories. Mike, Brandi, Lexi, Harley & Cooper I love you guys and send my deepest condolences!!*

“ Ken was always working on the computer, either fixing an issue or creating a new program when at work. He was always willing to teach if anyone wanted to learn about what he did(which he taught me quite a bit). Ken spoke scripture often when we spoke amongst ourselves. He loved his son Mike and his grand children with all his heart. Cooper truly was his pride an joy. His shadow.He was Very Proud! I will truly miss him, but I will always remember and smile when thinking about catching him sleeping or cat naps ,due to pulling all nighters trying to fix an issue so things ran smooth for the next business day. True loyalty to his work. Some appreciated that more than others but he didnt care he just wanted the job done right. Ken you were one of a kind and will be deeply missed.
