“ I surely loved my Big Sister and was so very blessed to have her in my life, we both always wished we lived closer as she would say I wish my Baby Sister lived closer and that was our largest hurdle and one I will always regret was never fulfilled between us. I am so happy & blessed to have known her but more importantly to be able to call her my Big Sister and to know I could call and talk to her over the years about anything and her with me as well, was always so comforting. When we did get the chance to be together we always spent quality time with each other knowing we may not see each other for a time and that was heartbreaking, as my heart is broken now knowing I won't hear her voice on the other end of the phone I do know that we have always had a special SISTER BOND that I will cherish the rest of my life knowing we both had special places in our hearts for each other and I will always have her with me. She will never be forgotten and the beautiful memories of her I will always have with me to make me smile when I think of her and the wonderful Big Sister she truly was...I love you sister and I know you are smiling down on us each day with your beautiful glowing smile I will always remember. I know you are now back with the love of your life and you are both rejoicing in the Good Lord and all his glory and I will be with you again someday in a beautiful paradise....I Love you Sister, you will never be forgotten but you will be missed so very much in the days to come, but I know if I call out to you that you will hear me and you always knew I loved you with all my heart XOXO and you loved me with all you had. Thank you sister for loving me! R.I.P

She loved you too, Rhonda. She used to say that you and I were a lot alike because we were both so gentle and sweet. :)

Peggy was a very special lady. Started out being my mother-in-law from 1974- 80. She had me promise her never to refer her as my ex-mother-in-law, or ex- son-in-law and that we would always be family. Over many years we were close friends, neighbors 3 different times, co-workers at the jewelry store, & continued to be like family. I have many fond memories and will miss her much.
