“ Although we lost touch over the years I remember what close, dear friends we were in school, I was your maid of honor when you married Carl and remained close during our "young adult" lives and only with time and distance did we not remain close. Over the years we would cross paths again and catch up with our news. I will remember you & Carl and all the laughter, good times and the dear friendship we shared and send prayers for comfort during this time to your family and friends. Rest in peace my friend.....Betty (Black) Regalado

“ *Lilian was so very special to our whole family. My mom Charla and Lilian were best friends and partners in crime. ..sharing so many fun times together. Some of my favorite memories of Lilian are laughing and cracking up at her amazing silliness and funny names she called things. Once, she was at moms, sitting on the couch and my pet ferret happened to be out at the time. Little did she know, it was under the couch cushion. ..it popped out by her rear end and she launched straight up in the air yelling "BADGER"! we laughed so hard, I'll never forget it! She was a special person and I'm grateful to have known her. She and mom are hanging out together and laughing again!*

“ *To Lillian's family....sorry for your loss but heaven just gained another angel. We remember fondly the days when we all used to hang out and visit together. Your Dad was the one and only person who could find out what was wrong with our cars. Your Mom had such a jolly spirit and likeable way about her that there was always laughter when they were around. They may be gone but their memories will live on through each and every family member. Our families were connected, the Howards, the Wells family and extended families - thanks for the memories - God be with you in these difficult times. Willis Wells & family*

“ I remember when I first met her and Carl. They was accepted as a daughter, I was 17. Her and I would spend just about every weekend stopping at all the flea markets and then the other stores. One of my funniest memories is when she actually jumped on the hood of my car to keep me from driving away. There is a hole in my heart and I miss her so much. She was the mother I had lost at an early age. I will always love you more Lillian! 💋 🌹 ❤️
