“ *Lin was always a very gracious and special lady. Growing up as a young man in Boy Scout troop five the Brewers were a regular feature at all our events. She was always supportive and participated with hospitality in everything that we did. She would always inquire to my well-being, Dreams and goals. Hal and Lin we're also very good friends to my parents tom and Betty Sawyer. The adults who participate in our lives as young people greatly influence the men and women who we become! How blessed and fortunate I was to have the Brewers in my life! I smile today when I think that Hal Lin and my parents Tom and Betty are together again and enjoying their conversations. Dear family, you had wonderful parents and grandparents! Go and do well as they did!*

“ I met Lynn on the tennis courts when I first moved to Plant City. She was a great Captain and team player. Enjoyed all our lunches after tennis. She was an inspiration. I hope I can play tennis as long as she did. She will be missed. 🎾

“ Lynn was one of the first people I met when I went out to start playing tennis. She was so welcoming and gracious.....a much better player than I was but always inviting me to play with her. I'm pretty sure she was like that in all walks of her life. I remember years later I got my dad to come out to play again. He hadn't played since he was in high school. Lynn of course invited him to play in a Saturday round Robin group. Several years later my husband and Hal shared a love of cooking and maybe a cocktail and there were many evenings we sat around their table having breakfast at 1 in the morning. Two very special in our lives. Lynn give Mike and Hal a hug for me. Love you sweet lady.

Lynn was my first captain on my first tennis league...I always enjoyed playing with her and hearing her words of encouragement. We enjoyed many Saturday mornings playing tennis with round robins...such great memories. Lynn was quite the seamstress too...always loved the little things she would see and give to us...I think my favorite...a pair of tennis socks that she embroidered on...so thoughtful.. You will be miss Lynn...you were a special lady!

“ *I met Lynn almost 30 years ago on the tennis court at Walden Lake. We were teammates, we were opponents, and we were friends. We went to some sewing classes together over in Lakeland. I have a couple of her pieces that she made and gave to me that I will always remember her by. A wonderful legacy for all. Brenda McIsaac*

“ *As a former Auxilian at SFBH, I enjoyed meeting Lynn. I didn't know her very well, but she always gave me a smile and cheery hello when we would pass each other in the lobby. Everyone liked Lynn. She will be sorely missed.*
