“ I met Marc Poehner in 1995. When he moved to Tampa, Florida to work at Balimoy Mfg. I was STUNNED to learn of his passing. I was just in my early 20's starting my Machining-(Hydromat) career. Marc taught me ALOT and his "STRICT & PERFECTIONIST" training methods have stayed with me. May God Bless you Brenda. . . . Sincerely, Chris Gaudreau.

“ Starting at Hydromat in July of 1985, Marc was one of the first to become a friend to me. I remember when he met Brenda, and when they were married. Memories of working with Marc, helping him move a few times, and his always upbeat attitude. Always fun to be around. My condolences to Brenda and the extended family.

“ I worked with Marc and Hydromat and Deutsche Precision in St. Louis. When he told us he was leaving to spend more time with his wife, Brenda and be closer to his children and grandchildren in Florida, we knew he would be missed, but the smile and joy he had to be surrounded by his family was bigger! Marc will be very much missed as he was a member of our family as well for over 30 years. Rest in peace.

“ We only met Marc and Brenda this winter as we parked next to them at Rice Creek. They always had a smile and happy greeting. We will miss seeing Marc next year but know he is with his Lord. Brenda may the good Lord wrap His comforting arms around you. May you trust in God to give you the peace you are now seeking.

“ Marc really did not know a stranger. He wanted to meet people, truly get to know you and spread the word of God. Our hearts are heavy as are so many family and friends for Marc no longer being here with us. While our eternal life is in heaven, we will miss Marc until we see him when we are called to God’s kingdom. While Marc had so many great qualities, what Bill and I cherished about him is the endless love he had for my sister Brenda and how he loved and cared for our Mom. They were always making “a road trip” to TN to help on projects for her home and he never missed a chance to dance with her. Marc, I hope you know how many lives you touched and how many hearts you filled with love and joy ❤️
