“ 15 years ago I came to work in Florida from distant lands and had my first conversation with Mr. Glen. At that time I met him and saw him driving agricultural tractors, directing the staff to complete several projects.

It was very clear to me that his passion was always agriculture and Since then he has always been a source of admiration for me, as for many of us, for all his work and family achievements.

Thanks to his inspiration and the desire to always continue forward, the efforts of many of us have always been and will be to achieve success in all angles of life.

Personally, every time I had the opportunity to have a conversation, even a very short one, with him, I thanked him and expressed what he contributed to my work and family life.

Today and thanks to what he started many decades ago, many of his workers have achieved personal improvement and the belief that with intelligent and hard work a lot can be achieved, no matter the difficulties, there is always a way, surely Mr. Glen followed it, but with someone directing him, which was God our savior.

Rest in peace Mr. Glen

“Mr Williamson was a very nice man. Once upon a time many, many years ago, I picked strawberries for him. Don't think that lasted very long as I believe I ate more than I put in the basket. He will be missed by all who knew him. My condolences to his wife and family.”
