“ *In Loving Memory of a Beautiful Soul*

It's hard to find the words when someone so full of life is suddenly gone. Maria you were more than just a friend—you were light, laughter, and love in human form. Your presence could turn an ordinary day into something special, and your heart always had room for one more.

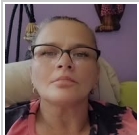

I'll always remember the way the time we met and the times we most definitely enjoyed together we laughed until we cried on that road trip, you were there when I called and you were most definitely up when I needed you most without me even asking Moments like those are forever attached into my heart forever.

Though your time here was far too short, the impact you made will never fade. I'm so grateful I got to call you my friend. I'll never forget you. Say Hello to my Daddy when you get to where you're going! I sure will and do miss y'all!

Rest easy, Maria You are deeply loved and already missed!!
