“ I only met Maria once, but that was all I needed to see the kind soul that she was. During a meet up of friends, Jay brought her a long. She entertained and played with my son Reid for hours. Rest in peace.

“ My sister was one of the strongest women I have ever known. In spite of all the pain she endured she was smiling a lot. She had the biggest heart ❤️. She would make me laugh. When I went to visit her she liked for me to sit by her and at times hold hands and we would reminisce and laugh. Every time we talked on the phone she ended the conversation with “ Thank you for calling. I love you and God Bless. “ She will always be loved by me and my family. We loved it when she laughed . When we would go visit and were ready to head back she would hug each of us and kiss on on our cheeks. I am going to miss those words and those hugs but so very grateful that I was fortunate enough to get them. Rest little sister, we will be reunited

My sister was my inspiration. She was a very strong woman who loved Jesus. I will never forget the last conversation and how we laughed. No matter how much pain she was in, she was forever reinforcing me with her strength, hope, faith and her " I love you..

God bless. She will always be in my heart and when I see her again, we will both be dancing for Jesus . I will always love you, sis.
