“ I’m so thankful for the times I got to spend with Aunt Marie. She was always so kind & loving to me. And I will always be grateful for the friendship she shared with my grandmother (Millie) - she was not only her sister-in-law, but also one of her best friends. Aunt Marie made the best banana pudding, & I was fortunate enough to get her recipe. Every time I make that recipe, I’ll think of her. We love you & will never forget you.

“ My heart goes out to Aunt Marie’s entire family at this time of such a loss. I know our great God will grant you grace and peace to get you through this painful time. Marie Cooper was a loving and gracious Christian lady, and we look forward to our reunion with her in heaven. I’m praying for all of her family.

“ My aunt Marie, what a wonderful role model for any young lady. The times I spent with Uncle Jr and Aunt Marie and cousins are some of my best memories. You were so giving and loving. I have some beautiful quilts you made for us. They’ll be cherished forever. I love you.

“ *When I first came into the family, I couldn't boil water. Mrs. Cooper taught me a lot about cooking but I couldn't come close to her cooking. The biscuits were the best! She love crafting and I still have the baby blanket she made for Ryan when he was born also oven mitts she made for me. I truly loved her. She was so quietly amazing. I wish Jan, Gary, Wayne, Linda and Della and all the grands and great grands peace and memories of a lovely lady.*
