“ My favorites memory with Aunt Marion is getting up early one day during our vacations on Cape Cod and going to the beach with her and my Mom. We would be shell hunting. Aunt Marion was never afraid to go into the water as far as she could without getting her shorts wet. She almost always found a live scallops. She would bring it back in a bucket and the kids for have so much fun making it spit water up at them. 🏖️❤️ Love Sue Naccarato- Gage, daughter of Marion’s sister, Dottie.

“ I can't pick just one memory when there are so many. I will forever remember thanksgivings at nanny and poppy's house, and how nanny decorated for every holiday. Christmas as a kid was always really special at their house. But when poppy passed she looked me in my eyes and told me that I was the light of his life and she was so proud of me. I love you Nan, give everyone a hug and kiss for me up there.
